The police light that works like a weapon.

Lightgun is so powerfully blinding that it can actually freeze a suspect in his tracks! (Rated 130,000 lumen power.) It's a workhorse every night for search, rescue, foot patrol, unmarked cars, many other uses. A complete light system for every need. Operates on self-contained, rechargeable battery, or 12-volt car supply. Total weight 5½ lbs. There is no more effective light — whatever the money-back guarantee.

Designed, patented, precision built and guaranteed by
PVT, Inc., Police Equipment Div. of Permaxoll, Inc.,
P.O. Box 2582, 1901 S. Lafayette Blvd., South Bend, IN 46613.

Dependability is a ...

"Does your firearms training end where it ought to begin?"

"Few people know how economical 'action' course equipment really is. Mobile Hogan's Alley, radio-controlled Punchy Pete, friend-or-foe running man system — all are economical and versatile; all can be set up for crime scene, patrol or counter-sniper training. All are fundable and available for lease-purchase. Write for literature and/or demonstration."
